NEUTRALITY HAS NOT GIVEN ADEQUATE PROTECTION FROM MANY ECONOMIC PROBLEMS

Riochmond, — Increasingly disturbing news of economic conditions in the United States has led to a new wave of property reversion in Canada. In the last year in which it is estimated that the United States has been living approximately 20 per cent.

There are not surprised that the United States has been unable to protect them from export restrictions and social repression since from the war. But they were the future with growing apprehension. The price for every product has been the future of their country's steadily high price standard of living disappear.

Meanwhile, Sweden is confronted with steadily growing depression resulting from the industrial output of rising prices and wages coupled with growing unemployment, and the heavy armament expenditures and the maintenance of an abnormal military machine become a heavy burden.

According to government statistics, wheat has risen on the average about 18 per cent since the beginning of the war but the price has fallen with soaring prices for food, clothing and particularly for all luxuries. For example, last year when the government adjusted the wages of some 700,000 workers the increase was 70 per cent of the rise in cost of living above a given minimum. But this year the percentage of increase had to be reduced to 10 per cent.

Unprecedented taxes, which probably will have to be boosted still higher have contributed to the lower standard of living. In addition to the present sales taxes on such articles as cigarettes and liquor, a five per cent sales tax was levied by the government on all purchases generally is estimated at 20 per cent, and as high as 40 per cent on leather goods and jewelry.

Switzerland's foreign trade has suffered considerably due to isolation resulting from the German occupation of the country. The war has also brought German troops into Italy. Whereas in August, 1939, Germany's import index was compared with an export index of 100, the import index in July 1941 was only 158 with an export index of only 125.

Two Canadian Fighter Pilots Credit With Shooting Down Plane
London—P.L.A. Eagle (Left) Pilot of Quebec City and P.L.A. Blister of Calgary were credited with the destruction of a Messerschmitt 109 on the morning of August 15, 1941, after a dogfight between the two planes. The plane was shot down by the two Canadian fighters.

The two Canadian fighter pilots shot down the plane piloted by Hans, brother of the King's husband, the Iron Cross, near Calais, France.

Word of their achievement was transmitted only last week to their R.C.A.F. squadrons.

REACH NEW HIGH

Earnings For Canadian Railway In May Show Big Increase

Ottawa—Canadian railways in May earned \$5,035,000, compared with \$4,648,000 in May, 1941, a new high for the month. The Dominion Bureau of Statistics reported. Freight traffic measured in revenue ton miles was 11.9 per cent heavier than in May, 1941 and passenger traffic increased by 10 per cent.

May traffic in the past 20 years.

WOMEN REPAIR SHIPS

Vancouver—Six women are now employed by the North Vancouver Ship Repair Limited shipyard plant at the Templeton shipyard. The women are working on the hulls of the shipyard's fleet.

Officers of the Maritime Union say the women will be admitted to the union on equal terms.

SHIPSMENTS DECREASE

Montreal—Canadian foreign shipments during July totalled 243,000 tons, a drop of \$4.64 tons from July of last year. The Department of Commerce of Canada reported. The July tonnage represented a decrease of 18.9 per cent, as compared with July, 1941.

LACK OF TEACHERS

Vancouver—Availability of the number of British Columbia schools forced to close through lack of teachers when, in the month of September, might be "between 40 and 50" was announced by Education Minister Poirer.

HELP RED CROSS

London—Farmers and other workers of England and Wales have by voluntary labor contributed \$4,500,000 to the Red Cross in two years.

REASONABLE REQUEST

Kerns, Ont.—The Native Sons of Canada urged the Dominion government to allow more Canadian men to go to the war until men and women who are Canadian uniform have been given opportunity to re-evaluate themselves.

RUMORS DENIED

Administrator Says Canada Has No Excessive Stocks Of Sugar
Ottawa—The National Sugar Administrator for the wartime period, the trade board, described as "false and absurd" rumors which he said were being circulated that excessive stocks of sugar are available in Canada and that sugar rationing is therefore not necessary.

"Rumors circulating in the provinces of this sort is undermining morale of the public," said in a statement, "and giving backward aid to the enemy for fostering distrust and discontent among the people at large."

"For instance, Mr. Noble said, 'one wild story' going the rounds alleges there are 400,000,000 pounds of sugar in surplus in Alberta warehouses, with a new crop expected shortly."

The administrator said that in fact Alberta total sugar production in the last five years did not total 40,000,000 pounds and there would be more than a normal reserve this year. Surplus stocks had been shipped to Ontario.

"The first step has been to close 30 bank branches in the province of Alberta, which would be being closed down for the duration as in the Montreal district."

FOR THE DURATION

War Conditions Forcing Banks To Close Some of Their Branches
Montreal—M. St. Pierre, president of the Canadian Bankers' Association, said war conditions are forcing all banks to concentrate business in a few number of branches.

"The first step has been to close 30 bank branches in the province of Alberta, which would be being closed down for the duration as in the Montreal district."

New Six-Month Ration Books Available Soon

Ottawa—The wartime price and trade with a detailed description of the new ration books, which will be distributed Sept. 7, 1941, to the public. The new books will be of a different design and will be able to give farmers definite information on the farm labor situation for 1941, so that crop plans can be made accordingly.

The government proposes assembling the most complete information possible on farm labor and from this to derive some plan which can be presented to farmers to clarify labor prospects in agriculture.

Surfers And Undersea Boat Attacks
Be Shipping In South Atlantic
London—A large-scale offensive by German submarines and surface raiders against the heavy and increasing Allied merchant fleet has been predicted by informed British naval sources.

Revel reports from London and Axis sources indicated, it was said, the attacks already had started. These sources cited the fact that the recent of 508 merchant ships reported as missing in the South Atlantic, the Brazilian coast and the German high command's claim that 42,231 tons of shipping losses for Egypt had been sunk recently by German submarines off the coasts of Africa and West Africa.

Not only is the south Atlantic the chief supply route to India and Egypt, but under present conditions it is probably the most important source of sending supplies to Russia via Iran.

REDUCED RAILWAY FARES ARE PROHIBITED BY OTTAWA TO CONSERVE VITAL MATERIALS

WILL START SOON

National Registrar Of Canadian Railway Fares To Be Made
Montreal—Elliott M. Little, director of the National Railway Commission, in an interview here said that the registration of women would start in September.

He emphasized that while the registration was compulsory, women would not be forced to wear the uniform positions "at this time." He indicated, however, if there were developments in the war the railway ban on which women enter war industry might be the same.

Mr. Little said the national registration would show just how many women were available for war industry.

"The voluntary response of women so far in the war effort compares favorably with the response made by men," he said.

expenditures more and more carefully, since in most cases reductions must be made in spending other than for rent, property taxes and food. And the only intelligent way in which one can cut spending on general items is to set a definite figure for every classification of spending and keep within that figure.

Business firms and other organizations which make a practice of showing individuals how to budget every last cent of their incomes are rendering an invaluable service to Canada's War Finance program.

Local and District

Gilbert Reib, R.C.A.F., is at home on leave.

Pte. Wm. Nicholl, Veterans' Guard, is home on two weeks' furlough from Uxetlet, B.C.

LAC R. J. Pearson, is on a month's sick leave at the home of his parents in Byemore.

Miss Elaine Moore has returned home after a month's holiday at Nanaimo and Staveley.

Mr. and Mrs. H. D. Armour, of Nanaimo, were recent visitors at the home of Mr. and Mrs. Henry Moore.

Mr. and Mrs. Alex. Morrison, of Halkirk, are spending a week's vacation at the home of Mrs. Alex. Morrison.

Mr. and Mrs. Wm. Miller, of Pampa, are spending a vacation at the home of relatives in the district.

Rev. Thos. Taylor left last week for Edmonton, where he will attend the United Church Conference.

Mrs. Annie Hudson left on Saturday morning, to spend two weeks' vacation in Calgary and other points west.

Mr. and Mrs. Jack Sinclair and family, of Hanna, were visiting in Delia on Thursday last.

Mr. and Mrs. R. C. Dack have just heard of the arrival of their son, Trooper Philip Dack, at Nanaimo, B.C.

Miss Sheila Murray left by motor recently, to spend two weeks' vacation with Mr. and Mrs. R. Sprague, of Calgary.

Leo Bye, formerly of the Opportune Flour Mill here, but who now resides at Trechu, was a visitor in Delia on Saturday last.

Flt.-Lieut. Allan Simpson, of the Middle East Command, has received the Distinguished Flying Cross for gallantry and outstanding devotion to duty in carrying out operations against the enemy.

The district agriculturist, A. J. Charnetski, of Stettler, was a visitor in Delia on Friday last week, concerned with organizing help to meet the expected harvest labor shortage.

Rev. Wm. M. Thompson, of Guernsey, Sask., was a visitor at the home of his brother and sister-in-law Mr. and Mrs. Peter Thompson, during last week. Mr. Thompson left for Edmonton early this week, where he will attend the United Church Conference, being held at St. Stephens' College, in that city.

A steady rain, which lasted all night, commenced to fall about 8 p.m. on Wednesday last. On its clearing up, the weather became fine and warm, Sunday and Monday being exceptionally hot.

Grain has turned rapidly during this last week and, generally speaking, is standing up well despite a few violent storms and heavy rains.

Western Crop Prospects
The farmer of British Columbia states that the spring wheat crop is 100 per cent of average, a very good crop, and comparable with the best ever experienced in Western Canada. Similarly the oats and corn for grain are particularly promising.

Harvest Help Situation

(By A. J. CHARNETSKI, District Agriculturist, Stettler.)
Recent a survey was made in this province to determine the availability of harvest help. The survey revealed a very serious shortage not only in Alberta, but also in other prairie provinces. In view of this, several conferences have been held by the Department of Agriculture, the representatives of farm organizations and other, to outline a method and make suggestions in solving this problem.

It was decided that the District Agriculturists in their respective districts would co-ordinate this work between the municipalities, the towns and villages, and the High School boards.

It is strongly urged that farmers who will require harvest help should contact their municipal secretary or other regular such requirement.

They should clearly the number of men absolutely necessary, the approximate time, and the period they will need them. This will give ample time for the secretary to advise the Labor Bureau of the harvest help situation in his municipal area, so that it will be possible to arrange for the necessary help to be taken during outside help. It is urged, however, that local help should be arranged and used to the full extent.

It is suggested that Town Councils give serious consideration to the closing of business two days each week, or at least several one half days to permit all single-bodied men to help with the harvesting of crops. Some towns feel that they can and will form groups of four or five men to go out working for about four hours each evening. In any case, necessary steps should be taken at once to arrange in a tabulated form all urban man-power available for harvest fields. This registration should be forwarded to the municipal secretary as soon as completed.

Many High Schools in smaller towns depend on a percentage of their students coming from rural points. Under the present circumstances very few, if any, of the farm boys will be able to attend.

go out harvesting. They should be registered in a tabulated form, including their ages and the information sent in to the secretary of the municipality in which the school is located.

A number of towns, school boards and the municipalities have already been contacted by the writer; others will be contacted within the next few days in that complete and detailed information and arrangements might be made to fit in with local conditions.

THE SALVAGE OF TIN URGENTLY REQUESTED

Last year 725,000 pounds of tin made 31,920,000 cans for tooth pastes, mucosaes, catenases, and other products. This year with the tin supplied in Malaya and the Dutch East Indies gone, with the mucosaes too, Canada is trying to fill in the used tin tubes which so recently were thought to be an inconspicuous part of the market.

It is urgently needed. All college students should be urged to drop old tubes, either alone or general and departmental stores, required to be respected to recover them. This year on indication more than 25 to 30 per cent of such tubes are being turned in.

Used tubes fight our battle this way:

Tin from 250 toothpaste tubes is required in building one hollow-bore bomber.

Tin from one paste tube supplies vital parts for 20 shells.

Tin from a tube of snarebait can be stretched to plate 20 snarebait.

Tin from one denture tube is sufficient to line 20 military' war bottles.

A tube reaching around the middle chest would hold out enough tubes to cast water bottles for a whole platoon.

Save your used tubes for a brush with Hitler; the law demands it, and your loyalty requires it.

Canadian National Railways
The great revenue for the all-Canadian Canadian National Railways for the week ending August 15, 1942, was \$7,700,000, as compared with \$7,000,000 for the corresponding period in 1941, an increase of \$700,000.

NATIONAL WAR LABOUR BOARD

GENERAL ORDER

The Dominion Bureau of Statistics has found that the cost of living index number for July 9, 1942, of 117.0 (adjusted index 117) has risen by 1.4 points over the index for October 1, 1941, of 115.6 (adjusted index 114.6).

Accordingly, pursuant to the provisions of Section 24 (1) of the Wartime Wages Control Act, P.C. 3863, and subject to the general provisions of the Order, the National War Labour Board orders that employers subject to the Order who are paying a cost of living bonus shall adjust that amount of such bonus payable to each employee who is not paying a cost of living bonus shall commensurate with the cost of a bonus, both effective from the first payroll period beginning on or after July 9, 1942, as follows:

- (1) If payment of a cost of living bonus is being made pursuant to the provisions of Order in Council P.C. 3823 (as amended by 1942).
- (2) For employees on whom Section 48 (2) (a) of P.C. 3863 applies, the bonus shall be increased by the amount 30 cents per week.
- (3) For employees on whom Section 48 (2) (b) of P.C. 3863 applies, the percentage of their weekly wage rate, paid to them on a cost of living bonus, shall be increased by 1.4 percent.
- (4) If no cost of living bonus is being paid, the payment of such a bonus shall be required.
- (5) For employees on whom Section 48 (2) (a) of P.C. 3863 applies, the amount of their weekly wage rate, paid to them on a cost of living bonus, shall be increased by the amount 30 cents per week.
- (6) For employees on whom Section 48 (2) (b) of P.C. 3863 applies, the percentage of their weekly wage rate, paid to them on a cost of living bonus, shall be increased by 1.4 percent.
- (7) In no case shall the amount of a cost of living bonus exceed the amount of the cost of living bonus which would be payable to the employee on whom Section 48 (2) (a) of P.C. 3863 applies, if the cost of living bonus were paid to the employee on whom Section 48 (2) (a) of P.C. 3863 applies.
- (8) For each employee on whom Section 48 (2) (a) of P.C. 3863 applies, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (9) For each employee on whom Section 48 (2) (b) of P.C. 3863 applies, the percentage of their weekly wage rate, paid to them on a cost of living bonus, shall be increased by 1.4 percent.
- (10) The adjustment or payment of a cost of living bonus shall be ordered to be in the nearest cent of any fractional figure.
- (11) If any cost of living bonus is being paid for paragraph (2) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (12) If any cost of living bonus is being paid for paragraph (3) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (13) If any cost of living bonus is being paid for paragraph (4) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (14) If any cost of living bonus is being paid for paragraph (5) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (15) If any cost of living bonus is being paid for paragraph (6) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (16) If any cost of living bonus is being paid for paragraph (7) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (17) If any cost of living bonus is being paid for paragraph (8) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (18) If any cost of living bonus is being paid for paragraph (9) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
- (19) If any cost of living bonus is being paid for paragraph (10) of this order, the amount of the cost of living bonus shall be increased by the amount 30 cents per week.
